# **BULL TERRIER CLUB OF AMERICA NATIONAL SPECIALTY**

Huron, Ohio

October 21, 2018

**October 21, 2018**

**Judge: Victoria Corse**

Thank you to the BTCA and its members for the privilege of judging the National Specialty, and for exhibiting your dogs to me. It was a real pleasure to judge so many animals that I had not yet had the pleasure of seeing, and to realize the lovely depth of quality that we have in this country. Thank you also to my efficient ring stewards, Mary Remer and Scott Ibbitson, and to Ann Radford, our Show Secretary, for the massive job of getting all the minutiae of a show this size in order. Ann was also kind enough to proofread 46 individual critiques for me; any remaining mistakes are my sole responsibility!

Kudos to the Golden Triangle BTC for taking on the monumental task of hosting a Silverwood Trophy and National Specialty Weekend; it's not an event for the faint of heart, and there are usually a few stalwarts who bear the brunt. Like every dog club, the BTCA and our member clubs would be helpless without the incredible volunteers. And, a million blessings on our crazy, stubborn, beautiful Bull Terriers, without whom none of this would be happening. Love you, you mad creatures; all of you.

Victoria

## **COLORED**

### **Puppy Dogs 6-9 Months**

First (106)

Pichilli's **JAVARKE ARGENT AT ENERGON** (Unfailing Jack Frost ex Gwrach Dryll Des Pirates D'Orthog) Brindle & white boy, alone in his class. Long, nicely turned head which could use more power and width from the eyes down, and perfect bite. He's still extremely immature, only days past his six-month birthday; needs time to develop musculature and confidence. He's quite well made but is long cast at this stage. Movement was adequate, but gawky, not surprising for a baby this age. He seemed a bit overwhelmed by the ring but settled in as he progressed.

### **12-18 Months Dogs**

First (605)

Murphy, Johnson, and Dominico's **BALLY'S HANK YOU VERY MUCH** (GCH Soquel Millenium Seafarer ex CH Debully Snow Angel) Bite correct, in a powerful head with nice muzzle strength and good ears with well-placed dark eyes. He would benefit from a bit more fill under the eyes to smooth out his profile. He's a rich red & white youngster, just under 16 months, and has not yet put on adult substance, or settled into his skin. He has good bone for his moderate size and is short-coupled. At this point, he is a bit high in the rear, and his movement is affected by his rear trying to overtake his front. Lovely, friendly boy with charming attitude.

Second (603)

Fernandez and Poole's **ROCKY TOP'S DAY DREAMER** (CH Unbeatable Arnold's Eos Tanagros ex CH Rocky Top's Sunshine On A Rainy Day) Moderately sized, solid black-brindle & white youngster, wildly excited by his time in the Big Ring, which made movement difficult to assess. He lacks the maturity and substance of the red dog in first. He has a pretty profile, with adequate width & fill and a perfect bite. Eyes are dark and well-placed, ears were not being utilized. His bone is appropriate to his size, and he has beautifully shaped rear quarters. A bit better shoulder angulation would improve his silhouette.

Third (607)

Whitman and Scott **APPRENTICE WHOZURDADDY INDULGENCE** (CH Apprentice Finnegan Begin Again CA ex Apprentice Tallulah of Kindred Spirit) Brindle & White)

## **Bred By Exhibitor Dogs**

First (609)

D'Aquila's **CREEKSIDE FORGED BY FIRE** (CH Emred Fire Spy ex CH Emred Devil Wears Black) Upstanding red & white, with a long gently turned head, good muzzle strength and bite just off level. He has tidy ears, dark eyes that could be more obliquely set. He's moderately sized, with round bone appropriate to his weight, nice return of upper arm gives him a lovely pro-sternum. I'd prefer more shoulder layback, and slightly less length over the loin. Rear quarters are well muscled and nicely angulated. He's well-balanced front to rear and moves cleanly all ways of the ring. Showed really well; very in tune with his handler and in beautiful condition. First in the class for his type, soundness and balance.

Second (611)

Wright, Teitel and Paule **GLENTOM NEVER THE FOOL** (GCH Glentom Fools Fortune ex CH Glentom Mint to Have The Last Word) Brindle & white boy, with a pretty head, good profile and reasonable width and fill, with a bite just off level. He's got good bone and substance but lacks the maturity and hard substance of the first-place dog. He moves reasonably well, carries a bit more height over the loin than #1. He's really well-angulated through the shoulder and upper arm, but his rear quarters need to develop further to balance him. At only 14 months old, he wasn't sure what he was supposed to be doing but has time on his side.

## **American Bred Dogs**

First (613)

Brodeur and Hennessy's **WENDIGO PHILGIN BLACK IS THE NEW WHITE** (Philgin Perfect Storm ex Wendigo Breaking Bad) Eye-catching solid black brindle dog, with the head-on expression of a devil; dark, triangular little eyes, and neat little ears right on top of his beautifully filled and turned head. He has a strong muzzle; his bite is regrettably wrong. He has good round bone, tidy cat feet, and better than average shoulder angulation. He has an extremely short back, with a bit more rise over the loin than the ideal and is very angulated behind. He would benefit from more substance in his rear quarters to give him better balance. Movement was difficult to assess, as he was disinclined to take 2 steps in any one direction at a time.

## **Open Dogs**

First (615)

Holmes, Zethner and Brodeur's **GHOSTS 'N GOBLINS BOLD AS BRASS** (Emred Devil's Advocate ex Chelsea's Diva von Saalewiesen) This is an eye-catching, mature and well-marked brindle & white of impressive bone and substance. His head is long, strong, well filled and beautifully turned with a perfect bite. He has tidy ears and well-placed and shaped eyes, big round bone and a ramrod straight front, with good cat feet. His well-arched neck leads to better than average shoulder layback and a short, strong topline. His rear quarters are well-angulated; they would be improved with more development of muscle in the second thigh, but he uses what he has well, and moves with power and drive; gave his handler a workout. I awarded him Winner's Dog for his imposing substance, quality of head and structure, and lovely arrogance. **WINNERS DOG AND BEST OF WINNERS**

Second (617)

Snyder and Prater-Piles' **FORMULA SIGNING ON WITH PARADOX** (CH Megaville's Signing off ex CH Formula For The Power of Moonlight) Another mature and impressive dog; he's a heavy boned, black-brindle and white. His head is wide and powerful, gently turned, with good strength down to the muzzle. I preferred the smoother profile of the 1st place dog. He has good incisors, one canine tight in the gum. He has considerable substance and depth of body, appropriate to his Bull-type physique. He would benefit from more length of neck and angulation through the shoulder and upper arm. His rear quarters are massively muscled and well angulated, which tends to overpower his front end. His masculine virtue and overall power earned him Reserve Winner's Dog. **RESERVE WINNERS DOG**

## **Puppy Bitches 6-9 Months**

First (600)

Wolf, Theiss and Robards' **VIMANA VALENTINO QUO VADIS** (GCH York Dark Moon Rising ex Valentino Sinabar Bedazzled at Vimana) Pretty red and white baby with a lovely headpiece; smooth profile, dark eyes and tidy ears, with good fill and strength. Her bite is incorrect, with one canine

tight in the gum. She needs more length and angulation of her upper arm and more layback of shoulder, but she has a strong topline, and beautifully angulated, powerful rear quarters. She was impressively well behaved for a baby this age; she showed like a little dream, with movement clean all ways of the ring. She's going to be fun to watch.

### **Puppy Bitches 9-12 Months**

First (602)

Shaw's **SECONDTONONE CROWN JEWEL** (GCH Soquel Millenium Seafarer ex CH Bestuvall Too Hot 2 Be Cool) Pretty, compact brindle & white bitch, with a lovely feminine head, gently turned profile, good width, fill and muzzle strength, with incisors scissors, and one canine tight in the gum. Her eyes are dark, well-placed, and tiny, ears are on top of her head, if a bit generous. She has lovely round bone, leading to tight cat feet, and a deep body, I'd like a little more leg to improve her balance. She moves with excellent drive, powering off strong, well-bent rear quarters. Her movement is better going away than coming towards, as she could have a tighter front. She never let down; showed full on the entire time she was in the ring. Winners Bitch for her feminine strength and overall breed quality. **WINNERS BITCH**

### **12-18 Months Bitches**

First (604)

Uplinger's **IMPERIAL KISS KISS BANG BANG** (GCH Brookbully Big Bang ex GCH Imperial Kiss After Dark) Fancy dark brindle & white young bitch, she has a gorgeous, powerful egg head, with excellent width, fill and muzzle power, accompanied by a beautifully curved profile and good finish. Her incisors and canines are incorrect. She has a strong, graceful neck, but fails to hold her topline behind the withers. Her shoulder angulation is better than average, and she is well angulated in the rear, as well. At 16 months, she still has some growing and developing to do. She's beautifully presented; shows like she was born to it and moves freely all ways of the ring.

Second (606)

Whitman and Young's **APPRENTICE ALTER EGO'S INDULGENCE** (GCH Apprentice Finnegan Begin Again CA ex Apprentice Tallulah Of Kindred Spirit) Substantial brindle and white bitch, with a powerful, rather angular head, her bite is just off. She has good round bone, with quite a lot of leg under her. Her body is deep and substantial, her rear quarters are well angulated. Her balance would be improved by better length and layback of her shoulder construction. Well presented, in good condition, and moved well all ways of the ring.

Third (608)

McColl's **SLY EYES THIS PIGLET FLIES** (Red Rockin Kid at Sly Eyes ex Sly Eyes All This Piglicious)

### **Bred By Exhibitor Bitches**

First (610)

Wright and Brewer's **GLENTOM DARK SIDE OF THE MOON** (GCH Glentom American Spy ex CH Glentom Bad Moon On The Rise) Typey, solid brindle girl, still immature, but a lovely turned and filled headpiece, with neat ears and wicked eyes. Bite is level with good canines. She doesn't have the width of head and muzzle power of the WB. Lovely straight front, with bone adequate for her size, and that varminty expression gave her the guns for RWB. I'd prefer more shoulder layback to tighten and shorten her topline, and a bit more bend of stifle, but she has good balance front to rear, and she moves cleanly all ways of the ring. I love a good solid; and I'm looking forward to watching this girl mature. She was immaculate and gleaming and did her baby best to cooperate. **RESERVE WINNERS BITCH**

### **American Bred Bitches**

First (612)

Prater-Piles' **FORMULA DELICIOUSLY DRAMATIC** (GCH Action Devil's Apprentice by Formula ex GCH Action's Formula For A Queen) Terrier-style brindle & white girl; at 19 months, she's still quite immature and has not filled out in body. She has a pretty profile but would benefit from more strength throughout the head. Her ears are tidy, she has dark eyes, and a bite just off level. Her nice neck leads to a topline both short and strong, and she is well angulated front and rear. She moves cleanly, although without a lot of reach and drive. She needs to develop more power and substance

overall. Well presented, in hard condition.

### **Open Bitches**

First (614)

Hooks and Berez' **ACTION HEAD ENCHANTRESS** (CH Action Headed For Fame ex Action First Class) Heavyweight brindle and white; long, strong head with good muzzle strength and a gentle profile with good finish, she has scissors incisors, with one canine in-standing. She has great depth of body, could use more bone for her size and did not appear to be thrilled about being in the ring. She's balanced front to rear but could use more angulation at both ends. Her biggest issue was condition; she was quite soft, and her coat was dull. Her movement was clean and balanced but lacked drive.

### **Veteran Bitches**

First (618)

Pytko's **CH BYRON'S PIECE OF MY HEART** (CH Bestival Razor Redi-Cut ex Byron's Queen Of The Hop) Black brindle & white lady, with a dramatic profile in a powerful head, her bite just off. She still has wonderful bone and substance and was proudly showing off her 10-year-old strut. I watched this oldie as a ring-shy youngster, and it really does my heart good to see her enjoying herself in the ring.

Second (616)

Searles and Dussault's **LEGACY SHE'S DYNAMITE OF WINDSOR** (CH Victoria's Grimaldi Windfall ex Winsor's Hope Springs Eternal) Another healthy, happy ten-year-old, with a lovely filled and gently turned head, bite just off. She doesn't have the bone and substance of the first-place bitch, but it's an absolute testament to the breeding programs that produced each of these girls to see them so energetic and happy in the ring.

### **BEST OF VARIETY, NOHS, AND BEST OF BREED (629)**

Thomas' **GCHB GRABO TESTAROSSA FORMULA FOR DRAMA** (GCH Action Devil's Apprentice by Formula ex GCH Action's Formula For A Queen) I haven't had the pleasure of going over this red & white dog before, and a pleasure it was. He has a beautiful fat head, with a big wide muzzle and deep underjaw holding a perfect scissors bite, with correct canines. His profile is a lovely curve, without being overdone; eyes are dark and well set, with neat ears. He has wonderful bone for his moderate size, running straight down to tidy cat feet. He has better than average angulation in both his forehand and his rear quarters, and moves as he's made, with great drive off his well-angulated rear. He has a broad chest, short, deep body and is in beautifully hard condition and gleaming coat. He is still under two years old, but is incredibly mature, without being coarse. It was lovely to have such a deserving dog in a ring full of quality. BOV and BOB

### **BEST OF OPPOSITE SEX AND BEST OF OPPOSITE SEX TO BEST OF BREED (624)**

Whitehair's **GCH SANDSTONE'S HONKYTONK ANGEL** (GCH Tulsadoom Abi Albon ex Caben Making Muse-Ic With Sandstone) Cobby, typey red & white bitch, absolutely my "cup of tea", with a lovely turned, filled head, tiny ears right on top of her head, and dark, well-placed eyes. She has a big wide muzzle, good strength of underjaw and her bite is just off, canines correct. She has excellent bone for her size, running right to the ground. She could have used a bit more angulation in her forehand, her super-short back led to a trifle high tail carriage, but her heavy muscling and rock-hard conditioning added to her impressive power on the move. Her body is deep, with a broad chest, and a rear end like a quarter horse. I just loved her; would have taken her home in a second. BOS and BOS TO BOB

### **SELECT DOG (621)**

Davis and Smith's **GCH MAGOR GALACTIC AGENT** (Emred Huntsman ex Magor Moulin Rouge) It was enormously gratifying to see this well-known fawn and white dog looking so fit and healthy; he's never looked better. He has a beautifully powerful head, with ears right on top of his head, eyes are dark, could be a bit more triangular. His bite is just off, canines correct, in a wonderfully broad, deep jaw. His bone is heavy and round, front and rear angles are balanced and he moves beautifully. He's short backed, masculine and impressive, and he is immaculately presented in rock-hard condition, loving every minute in the ring.

### **SELECT BITCH (622)**

O'Driscoll's **CH HAWTHORN EARRACH ARDAIGH** (Zappy Zack Timar ex CH Emred Devil's Belle) Rich brindle and white bitch, with a lovely long, strong head, gentle turn to good finish and strong muzzle. She has a level bite with correct canines, well-placed dark eyes, and carries her ears well, although I'd like them higher on her head. She is very nicely balanced front to rear, moves very well. She has good bone for her moderate size; a bit more angulation at both ends would improve her silhouette. She has impressive virtues and minimal faults. Lovely bitch to work with in the whelping box and showed like a bomb.

### **AWARD OF MERIT (632)**

Lindquist and Krukenkamp's **GCH MADCAP JUMP OVER THE MOON, NAP, NJP** (Emred Devil's Spy ex GCH Madcap Jump The Broom) Brindle and white, mature and substantial with a really lovely filled and turned head and exceptionally good forequarters, tidy ears, well-placed and shaped eyes. Her bite is just off, canines are correct. She is not as well developed in the rear quarters as her impressive front end, and her movement reflects that. Very virtuous bitch, with a lot to offer the breed, impeccably conditioned and presented.

### **AWARD OF MERIT (640)**

Hagen and Berez' **GCH ACTION COSMIC KISS** (CH Action Cosmic Cowboy ex Kingsfarm Going For Action) I judged this red & white bitch back in March; she has matured considerably. She has a beautiful egg of a head, lovely dark and well-placed eyes, tidy ears, and a strong, deep muzzle. Her incisors are correct, one canine is instanding. She's a big girl, without being coarse. Good round bone, impressively well-angulated rear end, with beautiful muscle development. Her front angulation is a bit upright, and she could use a bit less length over the loin. Beautifully presented, in excellent condition.

## **WHITE**

### **Puppy Dogs 6-9 Months**

First (701)

Beisel-McIlwaine, McIlwaine and Bassakyrus' **BULDOR POWERPLAY AT FOXAIRN** (CH Formula Power Up For Action ex CH Buldors Devil In A Red Dress) What an eye-catching puppy; very much a baby, but with a lovely head, nice turn and width, with a wicked little eye and tidy ears. He has correct incisors, with one canine tight. Only eight months old, it's apparent that he has the framework to build on. He has round bone down to his cat feet, a short strong topline and beautifully angulated and muscled rear quarters. I'd like a bit more shoulder layback. He moves freely, and jauntily. Cheerful, outgoing temperament, gleaming white coat and beautifully presented. I'll be watching him with great interest as he grows up. That nice silhouette combined with his wicked little eye and varmint head-on expression powered him to Reserve Winners Dog. **RESERVE WINNERS DOG**

Second (703)

Bassakyrus and Hasted's **BULDOR BREAKOUT TO BYCROSS** (CH Formula Power Up for Action ex CH Buldors Devil In A Red Dress) Similar in type to the first-place dog (and is his littermate), another nicely made youngster with a good strong head, with correctly placed dark eyes, and nice width and turn. His incisors are correct, with one tight canine. His bone is good for his size, and he's balanced in his front and rear angles, moving well all ways of the ring. They're a lovely pair.

Third (705)

Croucher's **GRABO ACIE HOLIDAY MOON** (GCH Grabo Testarossa Formula for Drama ex GCHB Whistlestop N Bestuvall Paper Moon)

### **12-18 Months Dogs**

First (709)

Salas' **ROCKY TOP'S DREAMS COME TRUE AT ARNOLD'S** (Unbeatable Arnold Eos Tanagros ex CH Rocky Top's Sunshine On A Rainy Day) Big youngster, with heavy bone, and a smooth head; he could use a bit more turn of profile but has good width and fill and a perfect bite. He's very "bull", I'd like to see a bit more length of leg for better balance. He doesn't hold his topline well on the move but has good reach and drive. Well presented, and in good condition.

Second (707)

Blackwell and Poole's **ROCKY TOP'S DREAMBOAT** (Unbeatable Arnold Eos Tanagros ex CH Rocky Top's Sunshine On A Rainy Day) Second class of littermates. Really pretty profile, and wicked little eye on this boy; he, too, has a perfect bite. He has more leg under him than the first-place dog, and a stronger topline, but isn't carrying the same bone, substance and muscle as his brother. He seems less mature and slower to develop, but they're still only sixteen months and have time to grow up.

### **Bred By Exhibitor Dogs**

First (711)

Clayton's **SORABULLY'S SUSHI'S ICHIBAN** (GCH Sandstone's Honkytonk Heartbreaker at Broken Arrow ex Sorabully's Runs Her Own Race) Huge bone and substance in this very masculine youngster. He has a long head with correct incisors, one canine tight in gum; could use more fill under the eyes to improve his profile; he has good finish and a powerful muzzle. Chest is broad, front is straight, carrying bone all the way to his feet. Moved well all ways of the ring, powering from a well-angulated and heavily muscled rear. Well presented, showed his socks off. Carrying a bit more condition than ideal.

Second (713)

Davis' **ENVOY MVP** (GCH Magor Galactic Agent ex CH Envoy Return To Rome) Smooth, gently turned profile, with good eyes and ear set; well filled but not the muzzle strength of the first-place dog. He has a level bite, nice reach of neck, excellent bone and a clean front. His shoulder and upper arm angles are better than average. He has quite a steep croup, leading to rear quarters that are significantly more angulated than his front end, affecting his movement. He looks as though he is still waiting to put adult muscle and substance on his frame. Beautifully presented, in hard muscled condition. He has a mismark at his tail-base.

Third (715)

Snider, Roberts and Zindars' **ACCLAIM'S RELEASE THE KRAKEN** (CH Action Cosmic Cowboy ex GCH Acclaim Rose of Sharon)

### **AMERICAN BRED DOGS**

First (719)

Wolf and Snider's **ACCLAIM'S OUT OF THE COSMIC BLUE** (CH Action Cosmic Cowboy ex GCH Acclaim Rose of Sharon) Strapping big dog, huge bone and substance, with good dark eyes and well-placed ears. He has a scissor bite, with correct canines. I'd prefer more fill under the eyes and width down to the muzzle. He has a straight front, and a broad chest. He could use more length of forearm and layback of shoulder. Rear quarters are well-angulated and developed, and he moves with good drive from the rear, a little more restricted in front. Well presented and in excellent coat and condition.

### **OPEN DOGS**

First (721)

Lindquist and DeGraaf's **MADCAP JUMP THE POND** (Emred Devil's Spy ex GCH Madcap Jump The Broom) Beautifully made, mature dog, carrying red. His head is magnificent, with piercing expression, and tidy ears right on top of his head; his bite is wrong. While heavy boned and masculine, there's nothing clumsy or coarse about him. Lovely front, right down to his tight feet; a solid topline lead to a really well-angulated and powerful rear. He moves particularly well, reaching out from his good shoulder construction, and driving from those rear quarters. He shows like a bomb; in immaculate condition and ideal weight. He was an easy Winner's Dog for me. **WINNERS DOG AND BEST OF WINNERS**

### **6-9 Month Puppy Bitches**

First (700)

Sodomsky's **MALAJO'S PRIMA DIVA** (GCH Action Devil's Apprentice by Formula ex Malajo's Prima Donna of Paradox) Barely seven months old, and still very much a baby, she's a big, upstanding girl, with a long head, well-placed and shaped eyes and a perfect bite. At this stage she still needs more fill under the eyes to smooth out her profile. She has very good bone, a nice straight front and a lot of substance for such a young dog. She's currently growing in two pieces; her quarters are

more developed than her forehead, so she is high in the rear. She was very enthusiastic about the whole experience, so movement was hard to assess. doG bless her handler for limitless patience; I look forward to seeing how she develops over the next year.

### **12-18 Month Bitches**

First (704)

Bozian's **EMRED DEVIL'S MOON OF BULLAYR** (Emred Devil's TriStar ex Emred Dear Prudence) Terrier style bitch, with a long head and scissors bite, with correct canines. She has well-placed ears and good eyes, needs more width and fill to give the "egg" its rounded shape. She has a nice neck, leading to a short back and nicely angulated and developed rear. Her forehead needs more angulation and layback, as she doesn't hold her topline behind the withers. She was well presented, in excellent condition, and moves better going away than coming.

### **Bred By Exhibitor Bitches**

First (710)

Prater Piles and Berez' **ACTION FORMULA FOR A DRAMA PRINCESS** (GCH Action Devil's Apprentice by Formula ex GCH Actions Formula For A Queen) This is a really stunning young bitch; her head is a beautiful egg, with profile, width and fill. Her eyes are tiny, dark and beautifully oblique, ears right on top of her head and in constant use. It's always something... her incisors are incorrect, and the canines are wrong. She has good bone and substance; a short, strong topline and well-bent and muscled rear. Her front is not quite as clever; she could use more length and layback of the angles in her shoulders, so she moves better going than coming. She has enormous power packed into her moderately sized body, and despite her faults, her virtue demanded Winners Bitch. **WINNERS BITCH**

Second (708)

Parker's **NUANCE NEXT BIG THING** (CH Megaville's Signing Off ex GCH Nuance Naughty Or Nice BN RN CGC TKN RATO) Moderate and correct girl, with a pretty head; nice length, width and fill and a perfect bite. I'd like a bit more turn of profile. She's cleanly made, balanced front to rear, and has bone and substance appropriate to her size. She has a beautiful, straight front, nice feet, and an elegant neck, leading to a strong topline and well angulated quarters. She could use more length of upper arm and layback of shoulder. She moves as she's made, clean coming and going and with good drive from the side. More overall power and "oomph" would lift her into another dimension, but she's a nice mix of "presence of virtue" and "lack of fault" that was more than sufficient for Reserve Winners Bitch. **RESERVE WINNERS BITCH**

Third (706)

McConnell and Baval's **OLD ENGLAND'S PRINCESS OF EMPRESS** (Teirwgwyn Papergangsta at Bullyview ex GCH Old England's White Imperial Empress)

### **American Bred Bitches**

First (714)

McConnell and Baval's **OLD ENGLAND'S PRINCESS OF CHANEL** (Emred Huntsman ex GCH Old England's Coco Chanel) Big girl with a strong head, with decent width and length and a perfect bite. I'd like to see more fill up under the eyes to give a bit more turn of profile and more roman finish. She has good bone for her size and is quite well made; she's not as "bodied up" as the eventual winners; the framework is there, maturity should pack on the muscle and substance, and develop the depth of body that is so pleasing to the eye. She is well bent and powerful in the rear quarters and moves cleanly. She's very pleased with herself and demands attention in the ring.

Second (718)

Lewis, Snyder and Hudson's **UBUNTU'S VIOLET MAE OF PARADOX** (CH Megaville's Signing Off ex GCH Sandstone's Conceived In Liberty for Paradox) Moderately sized girl, with excellent bone and substance for her size, she has a shorter head, with an ok bite with an incorrect canine. She has a short back and deep body, with powerful rear quarters. She could use a keener eye, and more width and finish from the eyes down to improve her head. Well presented, in hard muscle and shining coat.

## **Open Bitches**

First (722)

Speer, Martin and Martin's **BODINA BULPIN DRAGONFLY** (GCHS Soquel Millenium Seafarer ex Wakatang PS I Love You) Moderately sized, well-balanced girl, with a strong and long head with gentle turn and decent width. Better fill under the eyes would take away some "cheekiness". Eyes could be keener, but ears are well set, and she used them constantly. Her bite is scissors with correct canines. She has really nice big bone, is short coupled, and has a lovely angulation and development of her rear quarters. She moved decently and was well presented in beautiful condition. After a bit of annoyance with the amount of noise and confusion of the competition, a bit of space enabled her to pull herself together and focus on getting her job done.

## **Veterans Bitch**

First (726)

Uplinger's **CH ANNWN CAN'T GET ENUFF** (Activior Enuff Already at Kilacabar ex CH Mayhem Hot To Trot) What a pistol! Apparently, no one has bothered to inform her that she's an old lady. She still has a beautiful filled and turned head with a perfect mouth, a short, deep body with balanced angles front and rear, and good bone and substance. Her movement is the textbook definition of "jaunty" and she was obviously having a complete party being back in the ring.

Second (730)

Gibson's **CH NETHANBULL LIGHTING BABE WITH CEILTEACH** (Camquest Eyecon ex Scojan Wreaking Havoc) Terrier-type girl, with a pretty head, wicked eyes and good bite. She too was delighted with her outing. She has good bone for her size, is balanced front to rear and pranced her way around the ring.

Third (728)

Lindquist's **GCH MADCAP WHEN IN ROME NJP NAP VA** (CH Madcap Veni Vidi Vici ex CH TNG N Buoy's Concrete Blond RA NA NAJ NAXOJP VAX)

## **BEST OF VARIETY (727)**

Whitmer and Valizadeh's **GCHS AMAIZE SUPERNOVA** (GCH Yoecydoe's Gamin ex CH D Bar Lady Ga Ga Tulsadoom) Wonderful stallion of a dog, with a magnificently packed up and filled head, with the wickedest of expression head-on, and big broad muzzle and deep underjaw. Profile is a gentle and complete curve; his bite is incorrect. He has big round bone all the way down to his feet; a slight tendency to toe out is not his fortune. He is short-backed and deep bodied, well angulated in the rear, and moves with good reach and drive. Best of Variety for his impressive, masculine breed virtue. He's in beautiful hard condition and gleaming coat, immaculately presented.

## **BEST OF OPPOSITE SEX (738)**

Prater-Piles and Berez' **CH FORMULA COSMIC CONNECTION TO ACTION** (CH Action Cosmic Cowboy ex CH Kingsfarm's Going for Action) Beautiful bitch, with a feminine but powerful egg of a head. She has wonderful expression, tiny dark eyes and ears up on top of her head. Her bite is scissors incisors, with one canine instanding. Muzzle is wide, with a deep, strong underjaw. She has big round bone, which is fortunate as she was carrying far too much weight. Her feet could be tighter. She is short-backed and deep bodied, balanced in her angulation front and rear, and moves accordingly, with good drive from her really well-muscled quarters. She's a lovely balance of types as well; an excellent example of a middle-of-the-road style of Bull Terrier. She's a really good bitch; despite her extra weight, her virtues shone through.

## **SELECT DOG (735)**

Lara and Salas' **CH URBANBULLY LOCKDOWN** (Ukusa Quagmire ex CH Ukusa Darkqueen At Urbanbully) Excellent bone and substance on this tri-marked boy. His bite is correct in a long, strong head with good turn, excellent finish, and good expression head-on. Dark eyes and tidy ears complete the package. He has a straight front, stands well up on his legs, and is short-backed, with nicely angulated and muscled rear quarters. He moves freely all ways of the ring, and altogether masculine and impressive dog in rock-hard condition and gleaming coat.

## **SELECT BITCH AND NOHS (740)**

Brodeur, Holmes and Hennessy's **GCH WENDIGO PHILGIN DEVILISH DIVA AT**

**PARADIGM** (GCH OC Corsaire Devilish Delight at Dogmore O'Malvern ex CH Wendigo Breaking Bad) Lovely bitch, feminine and powerful, with a gorgeous fat, filled egg of a head and a correct bite. Ears are small, triangular and right on top of her head; eyes are dark, obliquely set and wicked. She has a pretty neck and straight front, good round bone, and tidy feet. Her quarters are muscled and well angulated and she moves extremely well. Her cross is a weakness in her topline, but it's a single fault in an extremely typey and virtuous bitch. In rock-hard condition, beautifully presented and shows like a bomb.

#### **AWARD OF MERIT (754)**

Whitman and Gardner's **CH BOBKAT WHITE HOT INDULGENCE** (GCHB Bestuvall White Hot ex GCH Apprentice Heroine at Bobkat) Big girl, with a long head, gentle turn and heavy muzzle with deep underjaw, she has scissors incisors, with one canine instanding. I judged her in March and am impressed by the amount of maturity she has gained since then. She has loads of bone, and substance, but is still a bit rangy, will improve further as her chest drops and her ribs spring. She is balanced in her angles front and rear and moves cleanly all ways of the ring.

#### **AWARD OF MERIT (736)**

Glaser and Lindquist's **GCH MADCAP JUMP FOR JOY** (Emred Devil's Spy ex GCH Madcap Jump The Broom) Another wonderful fat egg of a head, with wicked little eyes and tidy ears on top of her head, big wide muzzle and deep jaw. Her bite is incorrect, but it's a flaw in a truly wonderful package. She has nice bone, leading through a straight front to round cat feet, short coupled, deep body with better than average angulation front and rear. She is a truly "jaunty" mover and moves like she's someone special.

#### **BEST OF BREED**

I selected the colored dog, **GCHB GRABO TESTAROSSA FORMULA FOR DRAMA**, for his overall balance and type, accompanied by impressive soundness and masculine virtue in a well-constructed and impeccably conditioned package. There were two magnificent Bull Terriers in the ring; in the end, I preferred the shapeliness of the red dog in silhouette.

#### **BEST OF OPPOSITE SEX**

I chose the colored bitch, **GCH SANDSTONE'S HONKYTONK ANGEL**, as her impeccable conditioning gave her an edge over her competition. Both are beautiful, typey examples of the breed, with marvelous headpieces, and beautiful construction, but fitness paid off and Honkytonk Angel absolutely shone, standing and on the move.
